Come Back To You

Saint Raymond

Pull me in once again now
You've always got a hole on me
Take me in just to throw me out
You know it's only you I see'Cause even with the lights down
I saw you running
With the lights out I saw it coming
I don't know why
Forgive me now
I don't know what you want from me'Cause my heart still dreams of you
Is there something I can do?
From the start I always knew
I'd come back, come back, come back, come back
To you
Oh oh oh
I'd come back, come back to you
Oh oh oh
I'd come back come back to youI don't know why I'm here again
Feel your body next to mine
Sink back into our old ways
Pretending everything's alrightBut I know with the lights down
I'll be running
With the lights out
I know what's coming
I don't know why, forgive me now
I don't know what you want from me'Cause my heart still dreams of you
Is there something I can do?
From the start I always knew
I'd come back, come back, come back, come back to you
Oh oh oh
I'd come back, come back to you
Oh oh oh
I'd come back, come backHold on
I'll be by your side, throw me a lifeline
If I'm wrong
I'll put my hands up, all we can do is tryMy heart still dreams of you
Is there something I can do?
From the start I always knew
I'd come back, come back, come back, come back to you
Oh oh oh

I'd come back, come back to you
Oh oh oh
I'd come back, come back to youMy heart still dreams of you
Is there something I can do?
From the start I always knew
I'd come back, come back to youMy heart still dreams of you
Is there something I can do?
From the start I always knew
I'd come back, come back to you
