

The View

Modest Mouse

Your gun went off
Well, you shot off your mouth
And look where it got you
My mouth runs on tooShouts from both sides
"Well, we've got the land
But they've got the view"
Well, now here's the clueLife, it rents us
And yeah, I hope it put plenty on you
Well, I hope mine did tooAs life gets longer, awful feels softer
Well, it feels pretty soft to me
And if it takes shit to make bliss
Then I feel pretty blissfullyYour gun went off
Well, you shot off your mouth
And look where it got you
My mouth runs on tooShouts from both sides
"Well, we've got the land
But they've got the view"
Well, now here's the clueWe are fixed right where we standLife, it rents us
And yeah, I hope it put plenty on you
Well, I hope mine did tooWe are fixed right where we areAs life gets longer, awful feels softer
Well, if feels pretty soft to me
And if it takes shit to make bliss
Well, I feel pretty blissfullyFor every invention made how much time did we save?
We're not much farther than we were in the caveAs life gets longer, awful feels softer
And it feels pretty soft to me
And if it takes shit to make bliss
Well, I feel pretty blissfullyIf life's not beautiful without the pain
Well, I'd just rather never ever even see beauty again
Well, as life gets longer, awful feels softer
And it feels pretty soft to meFor every good deed done there is a crime committed
We are fixed
For every step ahead we could have just been seated
We are fixedAs life gets longer, awful feels softer
Well, it feels pretty soft to me
And if it takes shit to make bliss
Well, I feel pretty blissfullyWe are fixed, we are fixed
We are fixed right where we stand
