Slow Dance (remix)

Keri Hilson

(Marques Houston)
Mr. Houston, Miss. Keri
(Keri Hilson)
Come here baby
Sometimes I just wanna dance withcha
(Marques Houston)
Said wrap your legs around me girl
Said I got a little somethin to show ya tonight
And I know I need your undivided attention baby
Said there ain't no other guy that can rock your world like i
So rewind, Said make this moment last forever girl
Feels like your body's calling me
But I don't, I don't want to come off too strong
But something happens when we slow dance (slow dance)
I'm trying to be a gentleman, but you're making it hard for me
Something happens when we slow dance
(Keri Hilson)
Ohhh
Talking with my fingertips (yeah yeah yeah)
But I got so much to say babe, words just get in the way
Let's see can you read my hips,
read between the lines, As we bump and grind
Just makes it better from behind
So one more time
So rewind, make this moment last forever babe
Feels like your body's calling me
I don't want to come off too strong
But something happens when we slow dance (when we slow dance)

Trying to be lady like, I got you here tonight
Something happens when we slow dance
Got you in my element
Time to represent who you with
(Marques Houston)
Said whole worlds staring at the both of us
(Both)
And I'm giving you all my love
Said got you in your element
Time to represent who you with

Said the whold worlds staring at the both of us
And I'm giving you all my love
(Marques Houston)
This ones for the dance floor, strictly for the dance floor
This ones for the dance floor, strictly for the dance floor
This ones for the dance floor, strictly for the dance floor
This ones for the dance floor, strictly for the dance floor
(Keri Hilson)
I don't want to come on too strong
But something happens when we slow dance
I'm trying to be lady like, but I got you here tonight
Something happens when we slow dance (when we slow dance)
(Marques Houston)
Miss. Keri baby, Mr. Houston baby
Just rock with me
