Charlotte

Sam Weber

VERSE:
Charlotte, Iâ€™m coming into town
Is there somewhere we can meet if youâ€™ll be around?
I like what youâ€™ve done with your hair,
but that ainâ€™t the reason why Iâ€™m coming over there.
Oh charlotte,
we need to have a talk

Youâ€™ve been running wild through your own flock now
You gotta keep it under control,
there just ainâ€™t no way around a paper getting old
and charlotte, are you gonna lock it down?

CHORUS:
Youâ€™ve been outta luck
Youâ€™ve been on the roads too long
So you donâ€™t give a fuck now,
What youâ€™re gonna do to me

VERSE:
Charlotte, oh you lay it on thick
But you donâ€™t pay much attention where your body is, now do ya?
I know Iâ€™ve left a dark mark on you
Iâ€™ve been tearing all the pieces of your little heart in two again, again

Charlotte, you and your band
Youâ€™re playing real good but you sink into the quick sand, let me tell ya
Now Iâ€™m here to make a stand for ya
to fight for what you need when I know you canâ€™t
because I know you canâ€™t
all I know is

CHORUS:
Youâ€™ve been outta luck
Youâ€™ve been on the roads too long
So you donâ€™t give a fuck now,
if you wake up next to me
You wake up next to me

CHORUS:

Weâ€™ve been outta luck
And weâ€™ve been on the roads too long
So I donâ€™t give a fuck now
What youâ€™re gonna do to me
Youâ€™re gonna do to me
What youâ€™re gonna do to me
