

# Save Us

## Feeder

Face against the ground  
Torn, but you can stand  
Your will is strong, but you have now  
I know you can save us Faith is on your side  
Fears you can't deny  
It's burned a hole, right through your soul  
But I know you can save us  
Save us now Don't say goodbye  
I know you can save us  
Don't wave goodbye  
But nothing can break us  
Don't say goodbye  
I know you can save us  
You can bring us back again Born to be as one  
Turn to face the sun  
Your will is strong, but you have now  
I know you can save us  
Save us now Don't say goodbye  
I know you can save us  
Don't wave goodbye  
But nothing can break us  
Don't say goodbye  
I know you can save us  
You can bring us back again  
You can bring us back again Face against the ground  
Torn, but you can stand  
Your will is strong, but you have now  
I know you can save us Don't say goodbye  
I know you can save us  
Don't wave goodbye  
But nothing can break us  
Don't say goodbye  
I know you can save us  
You can bring us back again Don't say goodbye  
I know you can save us  
Don't wave goodbye  
But nothing can break us  
Don't say goodbye  
I know you can save us

You can bring us back again  
You can bring us back again
