# I Cheated Me Right Out of You

## Moe Bandy

After hundreds of lies and fake alibis
After too many times staying out all night
After too many women, tooMany times of acting free
After all this time of cheating
I've been cheatin' meYes, I cheated me right out of you
By holding the wrong ones, I had to lose
I lost out at my own game 'cause look who cheated who
I cheated me right out of youNow, I'm here alone 'cause I was all wrong
Too many times I've two timed
And this time you're goneI gambled that you'd never walk out and leave
I cheated you
Now, I'm cheating meYes, I cheated me right out of you
By holding the wrong ones, I had to lose
I lost at my own game 'cause look who cheated who
I cheated me right out of you, I cheated me right out of you
