

# Every Night

John Lee Hooker

Every night doll  
Every night I dream of you  
Every night my darlin'  
Every night I dream of you  
You know I miss you so bad baby  
Ever since you walk away  
Every night  
Every night I sing the blues  
Every night time baby  
Every night I sing the blues  
If I'm late and I want love  
I wonder what a baby you could be  
Oh every night  
Pack your clothes darlin'  
Right here back home to me  
Pack your clothes darlin'  
Bring it back home to me  
Because I dream about you baby  
Every night and every day
