

Tired (feat. Fredo Santana)

Gino Marley

[Hook]

Trap going nuts

My trap going crazy

Selling cocaine like the mother fucking 80's

Nigga try to tweet, kill him and his baby

Catch you ass in traffic and I'm shooting your Mercedes

I was born a savage you can ask my old lady

The way I whip the dope, man, I swear it's so amazing

When you was on the porch, man, I was catchin cases

Just bought a new chopper man I finna go crazy[Verse 1: Fredo Santana]

Got the white girl in my trap, Stacey

You know I can not show up to your club, bitch you pay me

Got 2 bricks left, and they stepped on

Started going crazy for all the years I was slept on

My momma told me that these bitches ain't shit

Do everything by yourself these niggas gonna snitch

Trapped out, till a nigga get rich

I'm trapped up, I got 30 in my clip[Hook]

Trap going nuts

My trap going crazy

Selling cocaine like the mother fucking 80's

Nigga try to tweet, kill him and his baby

Catch you ass in traffic and I'm shooting your Mercedes

I was born a savage you can ask my old lady

The way I whip the dope, man, I swear it's so amazing

When you was on the porch, man, I was catchin cases

Just bought a new chopper man I finna go crazy[Verse 2: Gino Marley]

I say trap house jumping, trap going crazy

In the kitchen working [?]

A couple shooters on the team that's gonna do the hit, no [?]

Guess them niggas on the team [?]

Scope on the rifle, I got tired of the lasers

Dreamed about the money since the Marley had a fade cut

Dreamed about the money since my uncle had a paycheck

Serving to my family to serve it to a stranger
