Richard III

Supergrass

Got it today, what a day, thanks a million
Spent too much time wondering why I got an opinionI know you wanna try to get away
But it's the hardest thing, you'll ever knowWaited in line, a terrible time, over to near you
Fading away, nothing to say, you're all that I'm hearin'I know you wanna try to get away
But it's the hardest thing, you'll ever knowTryin' to get at you, tryin' to get at you
Tryin' to get at you, tryin' to get at you
Tryin' to get at you, tryin' to get at youI know you wanna try to get away
But it's the hardest thing, you'll ever knowI know you wanna try to get away
But it's the hardest thing, you'll ever know
