

So Good So Far

O.A.R.

Wake up dreaming
Crooked days left behind
These closed eyes The places that we've been
Footsteps and hand prints
The more we've yet to see
The more I find It's all we have
So good so far
It's not over until we're done
We've only just begun
I'm in the middle of the longest fight
I've ever had in all my life
And it ain't over until we've won Well I was lawless and careless
The day I lost my innocence
Chasing you into the sun
Well it's OK when I'm afraid
It's OK when I'm a fool who only plays the cards he's got It's all we have
So good so far
It's not over until we're done
So good so far
We've only just begun
So good so far
I'm in the middle of the longest fight
I've ever had in all my life
It ain't over until we've won So here's to tomorrow
The next one that follows all
And anything that comes Well let the summer kiss the day
Watch the rains come in
And wash away the crazy things we've done It's all we have
So good so far
All we have
So good so far It's so good so far
I'm in the middle of the longest fight
I've ever had in all my life
And it ain't over until we've won It's not over until we're done
So good so far
We've only just begun
So good so far
I'm in the middle of the longest fight
I've ever had in all my life

And it ain't over until I've won
This ain't over until we've done
So good so far
You know we've only just begun
So good so far
I'm in the middle of the longest fight
I've ever had in all my life
And it ain't over till we've won
