Youâ€™ve been working all day
So much on your mind
Iâ€™ve got the remedy
To help you unwind
Donâ€™t worry â€˜bout a thing
Just come on home to me
And I will make it alright
Just step behind the door
Wonâ€™t you have a seat?
Baby, take off your shoes
Let me rub your feet
This the beginning of whatâ€™s to come for you
Iâ€™ve got some plans for you tonight

Tonightâ€™s a night just made for you
Iâ€™ll cater to all your needs
Iâ€™ll do just what you want me to
I want to take good care of you
Iâ€™ll do whatever you say, tonight is all about you babe
Iâ€™ve got some special plans for you
Your every wish is my command
Baby, come and take my hand
Make all your fantasies come true
Waiting for you, come inside
Baby, tonight is your night

Iâ€™ve got your dinner made
All your favorite foods
Iâ€™ve got the candles lit
I want to set the mood
Thereâ€™s still so much thatâ€™s waiting
Iâ€™ve handled all of your cares
Now baby, come with me upstairs
Iâ€™ve got the rose petals in your bubble bath
Lay your head upon my chest

Letâ€™s relax and laugh
Thereâ€™s no special occasion
My way to say I love you
â€˜Cause tonightâ€™s a night just made for you

Tonightâ€™s a night just made for you
Iâ€™ll cater to all your needs
Iâ€™ll do just what you want me to
I want to take good care of you
Iâ€™ll do whatever you say, tonight is all about you babe
Iâ€™ve got some special plans for you
Your every wish is my command
Baby, come and take my hand
Make all your fantasies come true
Waiting for you, come inside
Baby, tonight is your night

Whatever you want, I wonâ€™t say no
You are the star and this is your show
Just tell me your wish, and itâ€™s my command
Baby, come through that door
And youâ€™re in my hands

Tonightâ€™s a night just made for you
Iâ€™ll cater to all your needs
Iâ€™ll do just what you want me to
I want to take good care of you
Iâ€™ll do whatever you say, tonight is all about you babe
Iâ€™ve got some special plans for you
Your every wish is my command
Baby, come and take my hand
Make all your fantasies come true
Waiting for you, come inside
Baby, tonight is your night
