

# Money On The Dresser

## Local H

The zoso no show  
The tin and the yang  
The stepped up nose blow  
The cheap easy band They're pimping you out  
Fall out of line  
They'll take you up from the tower  
They'll turn on the juice, boy  
And then they'll turn on the power  
Yeah, they're pimping you out  
They're pimping you out
