

Bustin' At 'em

Waka Flocka Flame

[Cop talking]

I just don't get it anymore.

They don't even gang-bang with a purpose.

Cold-hearted killers that barely that barely got facial hair.

I'm tired of tryin' to get through.

These days you try to be a hero, and your wife'll end up wearin' black listenin' to a 21 gun salute.

I just don't understand these young men.

Maybe I should quit fightin' what I don't understand.

Hmmm..I can't keep up with this too much longer.

[Waka Flocka]

Pow [x8]

Shoot first, ask questions last.

Thats how these so called gangsta's last.

Waka Flocka Flame 1017
