

You Never Know

Goodbye Elliott

I built you a castle in the sand,
to make make up for all the ways
you ran for it, (2x)

it wont break the feeling i've at hand,
and it wont change the fact that ya, you,
you ran for it
you ran forrest

merry go round, and you wish you saw,
merry go round and you wish you saw it through.

woah oh oh oh oh oh oh,
how could you be so slow,
and wait a year to tell love so
oh woah oh.
woah oh oh oh oh oh,
and i can not let it go,
cause you never know,
you never know.

and how can i make her realize,
if doves hit the sky in june,
im done for it (2x)

but its my fault the sand got in your eyes,
and that the castle it slopes just a bit to the left,
so i just roll out (2x)

merry go round, DONT you wish you saw,
merry go round DONT wish you saw it through.
