The Great Unknown

Simple Jack

What they sayin, what they know
I gotta feeling there aint none known
Why you reeling, whats the point
I got you reachin for this joint
When hes coming for my soul
Theres no runnin where to go
I gotta find one more way
A way back to the great un know
Oh yeah
Ive got to go the greatest known
To the greatest show
The great unknown
Ive gots to go
To the great unknownWhats your flavor one last time
Ive gots to see this past unwind
Another chance to unfold
Another meaning another mold
When we see the lights embrace
I cant see it theres no trace
I gotta feeling you should know
Im heading to the great unknown
Oh yeah
Ive got to go the greatest known
To the greatest show
The great unknown
Ive gots to go
To the great unknownSoloOh yeah
Ive got to go the greatest known
To the greatest show
The great unknown
Ive gots to go
To the great unknown
