

Sneakin' Around

B.B. King

Well, hello, pretty baby
I just called to say that we were through
Because I'm so tired
Sneakin' around with you I want to meet you in the sunlight
Not in a secret rendezvous
Because I'm so tired
Sneakin' around with you Well, you're never meant to be mine
I was just too blind to see
I've got my pride, so why should we hide
When you might as well be free Oh, I love you, you know, I love you
Oh, I wanna tell the world I do
Because I'm so tired
Sneakin' around with you Well, you're never meant to be mine
I was just too blind to see
I've got my pride, so why should we hide
When you might as well be free Oh, I love, you know, I love you
Oh, wanna tell the world I do
Because I'm so tired
Sneakin' around with you
