

Contempt

Seclorance

Before my eyes lies nothing but lies
I cannot believe the scenes
Taking place beneath our skies It makes me wanna do my time
In a song or on the silver screen
Humanity is the biggest cancer ever to be seen Before my eyes lies civilization
Ancient and wicked
Destruction in creation No matter how low you are
There's always someone to look down upon
And it goes fucking on and on Emotionless obscene
But a human life don't mean anything to me
It's merely a seed of insanity Emotionless obscene
But a human life don't mean anything to me
It's merely a seed of insanity
