That Changes Everything

[12 Stones](#)

Wish That We Could Start Over
Change Everything That Went Wrong
It's Hard To Stay Sober
When You Feel Like Love Is Gone
We Both Need Forgiveness
And We Both Need To Forgive
The Past That Hangs Above Our Heads
Will Drive Us To The End
All The Things We Should Have Done
All The Times I Tried To Run From You
If I Fall From The Ledge
I Don't Wanna Die With Regrets
I See The Ground Comin
I'm Not Gonna Run Anymore
I Can Make My Amends
I Swear I Wont Fail You Again
I Was Ready To Die
Till I Saw You Suffering
And That Changes Everything
The Pieces Come Together
The Images Burned In My Mind
Everything Seems Much Clearer
But This Place I Cant Recognize
Oblivious To The Ending
The Shame Has Covered My Eyes
Haunted By My Feelings

Imprisoned By My Denial
All The Things We Should Have Done
All The Times I Tried To Run From You
If I Fall From The Ledge
I Don't Wanna Die With Regrets
I See The Ground Comin
I'm Not Gonna Run Anymore
I Can Make My Amends
I Swear I Wont Fail You Again
I Was Ready To Die
Till I Saw You Suffering
And That Changes Everything

Standing On Top Of The World
Looking Down
Looking Down
Searching For Something That We Haven't Found
Haven't Found
If I Fall From The Ledge
I Don't Wanna Die With Regrets
I See The Ground Comin
I'm Not Gonna Run Anymore
I Can Make My Amends
I Swear I Wont Fail You Again
I Was Ready To Die
Till I Saw You Suffering
And That Changes Everything
