Adore

porcelaine

Until the end of time, I'll be there for you
You own my heart and mind I truly adore you
If God one day struck me blind, your beauty I'll still see
Love is too weak to define just what you mean to me
From the first moment I saw you, I knew you were the one
That night I had to call you, I was rappin' till the sun came up
Tellin' you just how fine you look in a word, you were sexy
All of my cool attitude you took my body was next
You made love to me, like you was afraid
Was you afraid of me? Was I the first?
Was I your every fantasy? That's why
Until the end of time, I'll be there for you
You own my heart and mind, I truly adore you
If God one day struck me blind, your beauty I'll still see
Love is too weak to define, just what you mean to me
When we be makin' love, I only hear the sounds
Heavenly angels cryin' up above tears of joy pourin' down on us
They know we need each other, they know you are my fix
I know, you know that I ain't cheatin' baby
They know this is serious, this ain't just for kicks, no
This condition I got is crucial, crucial
You could say that, I'm a terminal case
You could burn up my clothes, smash up my ride
Well maybe not the ride, but I got to have your face, all up in the place
I'd like to think that, I'm a man of exquisite taste
A hundred percent Italian silk, imported Egyptian lace
But nothin' baby, I said nothin' can compare
To your lovely face, do you know what I'm sayin' to you?
I'm just tryin' to say
That until, until the end of time
I'll be there for you
Can I talk to you? Tell you what you mean to me
Every time you wander, I'll be your eyes so you can see
I wanna show you things that I never showed no other, I wanna be
More than your mother, more than your brother
I wanna be like no other, if you need me, I'll never leave
I know, that you know, without you there is no me
There is no me, without you there is no sea there is no shore
Love is too weak to define how much I adore you

The last words you hear
Be with me darlin' till the end of all time
I'll give you my heart, I'll give you my mind
I'll give you my body, I'll give you my time
For all time, I am with you, you are with me
