

Twisted

Linoleum

I should warn you, keep away
I'm seeing things in a twisted way,
 Anyway,
 And tonight,
 I'll be a nightmare.
I see your face in a different light
 Tonight
 Laughter passes me by
 Talk goes over my head
Think I should we avoid us
 Why don't you avoid me,
 Anyway
I don't want to know the time
 Things that excite me
 Don't seem such fun today
 Laughter passes me by
 Talk goes over my head
Think I should we avoid us
 Why don't you avoid me,
 Anyway
I'm seeing things in a twisted way
