

Unpack Your Heart

[Phillip Phillips](#)

Meet me where the sunlight ends
Meet me where the truth never bends
Bring all that you're scared to defend And lay it down when you walk through my door
Throw all of it out on the floor
Your sorrow, your beauty, your war
I want it all, I want it all Bring your secrets, bring your scars
Bring your glory, all you are
Bring your daylight, bring your dark
Share your silence
And unpack your heart Show me something the rest never seen
Give me all that you hope to receive
Your deepest regret dies with me The days when you stumble and fall
The days when you grind to a crawl
The treasure that hides behind your walls
I want it all, yeah I want it all Bring your secrets, bring your scars
Bring your glory, all you are
Bring your daylight, bring your dark
Share your silence
And unpack your heart
Then unpack your heart Oh, I'm on your side
So shed your shadow
And watch it rise Oh, I'm on your side
So shed your shadow
And watch it rise
Into your darkness
I'll shine a light Bring your secrets, bring your scars
Bring your glory, all you are
Bring your daylight, bring your dark
Share your silence Bring your honor, bring your shame
All your madness, I will tame
Won't you lay down, down your guard
Share your silence
And unpack your heart
