For You

Open Heaven

Lost and lonely, now I'm found in You,
Past behind me, now all things are new!
Joy inside no one can take away, away, away!
Your love is greater than I've known!
Taking me further than I've ever gone,
Your grace and mercy are leading me home, I'm home, I'm home!

Never gonna turn back, gonna keep on living for You,
Living for You, my God!
Never gonna turn back, gonna keep on living for You,
Living for You, my God! My God!

Jesus, I know that You rescued me,
Gave me vision, gave me destiny!
New direction, never be the same, the same, the same!
Your love is greater than I've known!
Taking me further than I've ever gone,
Your grace and mercy are leading me home, I'm home, I'm home!

Never gonna turn back, gonna keep on living for You,
Living for You, my God!
Never gonna turn back, gonna keep on living for You,
Living for You, my God! My God!

Blind but now I see,
Bound but now I'm free,
Been so good to me,
Singing yeah, yeah!- 4x

Never gonna turn back, gonna keep on living for You,
Living for You, my God!
Never gonna turn back, gonna keep on living for You,
Living for You, my God! My God!- 2x
