Ready When You Are

Signal the Escape

So, whatâ€™s the story again?
Why donâ€™t you take me through it one more time?
It's a tale that's marked with tragedy
And I got a slight suspicion
Youâ€™re at the bottom of this whole damn scheme
So, just admit it cuz Iâ€™m short on patience

I'll watch you pry the truth
From my cold dead hands
If thatâ€™s an invitation
Well, then I accept

Weâ€™ve got our bodies in the car
And Iâ€™m ready when you are
To take this to the ground
Just let me know when itâ€™s over

Weâ€™ve got our bodies in the car
And Iâ€™m taking this too far
To simply turn around
Just let me know when itâ€™s over

Each time I say her name, your
Eyes move as if to say, â€œItâ€™s all a lieâ€•
I can see the sweat roll down your cheek
You know the consequence if
I have to ask you again, there will be
Such hell to pay, donâ€™t test my patience

So, just 'fess up, why not come clean?
I swear, Iâ€™ll make this easy (no!)
I wonâ€™t confess this (no!)
We know you did it
And Iâ€™m done, the choice is up to you

Weâ€™ve got our bodies in the car
And Iâ€™m ready when you are
To take this to the ground
Just let me know when itâ€™s over

Weâ€™ve got our bodies in the car
And Iâ€™m taking this too far
To simply turn around
Just let me know when itâ€™s over

This has gone on long enough, but
Iâ€™m not about to call this off, no
We both know
This conversationâ€™s getting nowhere fast

This has gone on long enough, but
Iâ€™m not about to call this off, no
We both know
This conversationâ€™s getting nowhere fast

Weâ€™ve got our bodies in the car
Weâ€™ve got our (Iâ€™m ready, Iâ€™m ready)
Weâ€™ve got our bodies in the car
Weâ€™ve got our (Iâ€™m ready)

Weâ€™ve got our bodies in the car
And Iâ€™m ready when you are
To take this to the ground
Just let me know when itâ€™s over

Weâ€™ve got our bodies in the car
And Iâ€™m taking this too far
To simply turn around
Just let me know when itâ€™s over

We got our bodies in the car
Just let me know when itâ€™s over
(Iâ€™m ready when you are)

We got our bodies in the car
Just let me know when itâ€™s over
(Iâ€™m ready when you are)

We got our bodies in the car
Just let me know when itâ€™s over
(Iâ€™m ready when you are)
