

Here With Me

eleventyseven

There's a whisper in the air you breathe
Underneath a sky tonight
There's a piece of you inside my heart
That runs too deep too describe

And you're so much more than wonderful
So much more than I can see
And I could spend forever hoping
You'd be here with me
Here with me

When the world leaves me so ended
And with nothing left to say
There's an angel in your voice that tells me
Everything's okay

And you're so much more than wonderful
So much more than I can see
And I could spend forever hoping
You'd be here with me
Here with me
Here with me
Here with me
Here with me

And you're so much more than wonderful
So much more than I can see
And I could spend forever hoping
You'd be here with me

And you're so much more than wonderful
So much more than I can see (more than I can see)
And I could spend forever hoping
You'd be here with me
Here with me
