Closer To Perfection

A*Teens

Closer to perfection
Closer to perfectionClosed every door
Putting everything aside
Hooked onto you
And my life was passing byI stood in a cloud of dust
Blinded till you cut me offI'm back and alive getting over you
Now I got it together, I'm stronger than ever
Back on a track with a better view
And I'm getting closer to perfection because of you
Closer to perfectionGone in a beat
Suddenly out of my sight
Shook me around
Like a thunder bolting strikeI stand in the light of faith
I thank you in so many waysI'm back and alive getting over you
Now I got it together, I'm stronger than ever
Back on a track with a better view
And I'm getting closer to perfection because of youCloser to perfection 'cause of you
Closer to perfection 'cause of youAll the things I wouldn't do
Without holding on to you
Lost in the dark
Till you left me with a clueBack and alive getting over you
Now I got it together, I'm stronger than ever
Back on a track with a better view
And I'm getting closer to perfection because of youI'm back and alive getting over you
Now I got it together, I'm stronger than ever
Back on a track with a better view
And I'm getting closer to perfection because of you
And I'm getting closer to perfection because of you
