Radio

The Dirty Heads

She said she heard me on the radioÂ
She said I even sounded good in her car through her '87 stereoÂ
Yeah she thought I was coolÂ
But you don't know me at allHe said he heard me on the radio
He said I said every word that he was thinking and he felt like we're related thoughÂ
Yeah he thought I was coolÂ
But you don't know me at all (ahh-all)
You don't know me at all (ahh-all)
You thought you know me 'cause you listened to the songs I'm singingBut they don't talk about my bad daysÂ
And they don't know they price that I've paid
What I've lost
How I've triedÂ
Yeah I close my eyes and just keep moving onI don't care about what they say
I don't do it for the payday
No I don'tÂ
And I won'tÂ
Yeah I close my eyes and just keep moving onShe said she heard me on the radioÂ
She said I even sounded good in her car through her '87 stereoÂ
Yeah she thought I was coolÂ
But you don't know me at allHe said he heard me on the radio
He said I said every word that he was thinking and he felt like we're related thoughÂ
Yeah he thought I was coolÂ
But you don't know me at all (ahh-all)
You don't know me at all (ahh-all)
You thought you know me 'cause you listen to the songs I'm singingI'm still looking for the right line
I really think I'm losing my mind
Yes I do, it's true
But I close my eyes and just keep moving onYou don't hear me when I'm screaming
And just like you I got my demons
Yes I do, I do, we do
So close your eyes and just keep moving onShe said she heard me on the radioÂ
She said I even sounded good in her car through her '87 stereoÂ
Yeah she thought I was coolÂ
But you don't know me at allHe said he heard me on the radio
He said I said every word that he was thinking and he felt like we're related thoughÂ
Yeah he thought I was coolÂ
But you don't know me at all (ahh-all)
You don't know me at all (ahh-all)
But you don't know me at allÂ You do it all for us

We do it all for you
No matter what happens with this love we can all get through
You think its faire douchÃ¨
You think it's flashing lights yeah
You think it's all been given
You think it's easy livingShe said she heard me on the radioÂ
She said I even sounded good in her car through her '87 stereoÂ
Yeah she thought I was coolÂ
But you don't know me at allHe said he heard me on the radio
He said I said every word that he was thinking and he felt like we're related thoughÂ
Yeah he thought I was coolÂ
But you don't know me at all (ahh-all)
You don't know me at all (ahh-all)
You thought you know me 'cause you listen to the songs I'm singing
