You Win

Petra Marklund

I'm the short caller
i don't get caught up
i always have the upper hand
i am the born winner
even when i am in love
I never give it all to my man
you came in and snuck upon me
I'm facing my first defeat
i said i would never be a silly fool
but look what you've done to me
said i will never lose but you came in
changed the rules
You win
i love it i don't care anymore
cause whos keeping score?
You win i love it
when my heart is a prize, its yours every time
you win
a a a a la la la la laaa
its yours everytime you win
a a a a la la la la laaa
its yours everytime you win
you are my front runner
number one stunner
you know you got me under your spell
a champion lover
i'll never find another
cupid's arrow pierced through my shell
i am waving my white flag, i surrender
giving you all i have

chorus
i said i would never be a silly fool
but look what you have done to me
said i will never lose but you came in
changed the rules
You win
i love it, i don't care anymore
cause whos keeping score?

you win i love it
when my heart is a prize its yours every time
a a a a la la la la laaa
its yours everytime you win
a a a a la la la la laaa
its yours everytime you win
turn me upside down
turn me inside out
spin my world around
take my breath away
loves a losing game
you win i love it
i don't care anymore cause whos keeping score
you win i love it
when my heart is a prize its yours every time
you win
la la la la, its yours every time you win
a a a a la la la la its yours everytime you win
a a a a la la la la its yours everytime you win
a a a a la la la i'm yours everytime.
You win
