Addicted to the Fame

Petey Plastic

Bitch I need my fix,
Inject it in my vein,
I'm in it for the money,
I'm in it for the fame.I don't deal with bullshit,
I don't play child games,
This is how the people know,
My motherfucking name.Now i feel impowered,
Now i feel insane,
I'm done with all your bullshit,
I no longer feel the pain.I don't want your fucking drama,
You don't need to explain.
I'm not your fucking bitch,
Not only here to entertain.I really cannot stand you,
Get it through your brain,
I'm done hiding my feelings,
There's no need for refrain.I am being me,
I don't need to fucking change.
I'm driving down my own path,
Get out my fucking lane.Bitch I need my fix,
Inject it in my vein,
I'm in it for the money,
I'm in it for the fame.I don't deal with bullshit,
I don't play child games,
This is how the people know,
My motherfucking name.Bitch I need my fix,
Inject it in my vein,
I'm in it for the money,
I'm in it for the fame.I don't deal with bullshit,
I don't play child games,
This is how the people know,
My motherfucking name.Now I sleep all day,
And I party all night,
My clothes are always fresh,
My ride is always tight.I'll pull up to the club,
Paparazzi on all sides,
What can i say?
I'm attracted by the love.I walk in the club,
Always V.I.P
I always cut the line,

And walk past security.Chillen at my booth,
With some gorgeous ladies,
All they cross my name is,
Petey fucking Pete.Bitch I need my fix,
Inject it in my vein,
I'm in it for the money,
I'm in it for the fame.I don't deal with bullshit,
I don't play child games,
This is how the people know,
My motherfucking name.Bitch I need my fix,
Inject it in my vein,
I'm in it for the money,
I'm in it for the fame.I don't deal with bullshit,
I don't play child games,
This is how the people know,
My motherfucking name.All the nameless, wanna be famous,
And i'm sick of, all of there blandness.All these people, are all the same,
Stardom is just, the fucking game.
Your life would never be the same.
But everyone would know your name.Bitch I need my fix,
Inject it in my vein,
I'm in it for the money,
I'm in it for the fame.I don't deal with bullshit,
I don't play child games,
This is how the people know,
My motherfucking name.Bitch I need my fix,
Inject it in my vein,
I'm in it for the money,
I'm in it for the fame.I don't deal with bullshit,
I don't play child games,
This is how the people know,
My motherfucking name.
