

# I Am an Elephant

## Pinhead Gunpowder

Wow, look at you  
Your pathetic  
It's amusing  
It's depressing  
It's amazing  
Tell everyone  
What your not  
And they believe you  
They proceed to  
Emulate you  
Now you've got a whole  
Circle Jerks of fakes  
Crowding up my space  
I'm talking shit behind your back  
I'd say it to your face  
But I'm not sure which one  
Hey!  
There's one thing that hasn't changed  
You're still a joke to me  
It's so easy to see right through you  
Do you remember  
That I knew you  
When you were just  
Yourself ?  
Well I wonder, were you ever?  
Anyway, I liked you better  
When you did not  
Change with the weather  
Doesn't it feel good to know  
I'll always remember you ?  
Do you wish I'd go away ?  
Do you think I could ?  
Change you past, change your style,  
Change your identity  
But you're a fool and a fake  
I don't forget easily  
There's one thing that hasn't changed  
You're still a joke to me  
It's so easy to see right through you
