

# Fools Work

Inara George

Life can be hard, but it can be good to you  
Saving all your money like a fool  
But your know better, it can be cruel  
Listen awhile and I will sing to you  
Tear apart my body and youll see  
My heart is beating and so Im freeIve been good to you  
Ive been good to you  
What have I put through?  
No, Ive been good to you  
Havent I been good to you?Take up your hands, lift them off your eyes  
Couldnt it be wrong to think youre mad?  
With such a face now, how long and sad  
I learned way, I learned away from you  
From walking on a line, I keep some poise  
But Im all wrong now, I make no noiseIve been good to you  
Ive been good to you  
What have I put through?  
No, Ive been good to you  
Havent I been good to you?
