Like I'm walking on water

I'm drunk with you
I'm afraid I'll lose everything
You & I, I think we're a bit different
Please be the air that surrounds me, please yeah I won't believe in words that are just momentary
You're different from just a light, passing by feeling
It might be a little awkward but still, hold me
I'm not saying a word so just kiss me I know
There's no such thing as a person who fits my world
But you broke the cage
From where I was trapped, cold and shut-out Oh, fit yourself to me
Love like this
I can fit myself to you
Like a puzzle, love like this
Like our start, it's like a lie
Everything has changed
You're my long-lost other half
Now fill this empty spot with you I wanna be the man who makes you smile
Call me any time, I don't really sleep
Sit in the passenger seat of my new car
Wanna go get a cool glass of lemonade?
Or a feast dinner?
Only trust me
I don't want to throw around questions like an interview
And waste the night like that
Let's go on the highway again
Even if we say goodbye late
Let's meet early tomorrow I know
There's no such thing as a person who fits my world
But you broke the cage
From where I was trapped, cold and shut-out Oh, fit yourself to me
Love like this
I can fit myself to you
Like a puzzle, love like this
Like our start, it's like a lie
Everything has changed
You're my long-lost other half
Now fill this empty spot with you I know
I'm not that different from you
I'll give and receive typical scars
But if it's you, it's alright
Stay by my side
I believe that you're my last Oh, fit yourself to me
Love like this
I can fit myself to you
Like a puzzle, love like this

Like our start, it's like a lie
Everything has changed
You're my long-lost other half
Now fill this empty spot with you Fill me up
just give it to me girl
There's no time, hurry
Get into my world
There's no need to hesitate
Just come to my side
What time, where? What do you wanna do?
Just let me know
Whatever you wanna do
Just tell me, I be there
when u need me fosho
Just tell me u gonna ride
with me fosho It's like I'm dreaming
Like I'm walking on water
I'm drunk with you
Now even if I lose everything
I'm not afraid
