

I'm Guilty

Kj-52

All rise, case number seven-seven-seven-five-two
Defendant KJ-52 versus the Son of God in murder one
How do you plead? Guilty as charged
Do you promise to tell the truth, the whole truth
And nothing but the truth? I do, then go ahead
I solemnly swear to tell the truth, whole truth
Nothing but the truth now, now so help me God
What I testify and what I'm speaking of is an eye witness account
Of an experience of a kind of love, I confess now to what I was
I was guilty of making the very Son of God now shed His blood
I was guilty of the reason now why He was hung and
I'm guilty for every evil thing that I have done
I'm guilty for it all, I can't blame no one
I'm filthy with what caused the death of the Son
It kills me to think that I was the one who shed His blood
I still think of the way He died now and how it was
It feels me with pain inside, I feel like throwing up
I can't escape, I can't lie, I didn't make it up
I was the only one who took the life of the Holy One
This is the first time I've confessed now to what I've done
I'm guilty, guilty
That's right, I'm guilty
God forgive me, I'm guilty
You know what? I'm guilty
Yeah, that's right, I did it, right out in the open for all to see
And I never hid it, I got to admit it
They took the whip, ripped His back wide open and split it
I heard Him cry every time they pulled it back and hit it
I wondered why was He silent now, I didn't get it
I watched Him die while He cried out, "It is finished"
I thought nobody would find out about the the crime I've committed
I tried to hide out, it's too late, that's right I did this
It's my time now, my own eyes have been a witness to my crime
Now I'm speechless and I'm defenseless
Can anybody find out it's obvious that this is my final time
Now I've finally come to my senses
I'm a climb down and take whatever I'm sentenced
I know why now there's no way that I could miss this
I opened my eyes, now I see Him just for who He is

This guilt is mine now, it's so obvious that
I'm guilty
God forgive me, I'm guilty
So I'm guilty
That's right, I'm guilty
So guilty
I'm just another person, just another man
I was the one that hurt Him, I finally understand
Now I know for certain, I caused the nails to land
That left Him dead and murdered, pierced in feet and hands
So now you've heard it, I testified and I took the stand
No other way I could word it, this is my confession and
I never lied or purgured, I told just the best I can but
I was the one that cursed Him, I was the trigger man
The page is turning and I've now just confessed to this
I didn't kill Christ, but it was just my sin that did
Now I've confessed to the crime, I don't deserve to live
I'm ready to do my time, all that I can say is
I'm guilty
God forgive me, I'm guilty
I don't deserve to live, I'm guilty
Take me away, I'm guilty
I'm guilty
Case number seven-seven-seven-five-two
