

# Victory

## Beres Hammond

I want it  
Ohh, I'm not even gonna lie  
I want it  
It's in every day dream every sigh  
I want it  
Even if it makes me cry  
I want it  
I've got to have it or I'll die  
I want it  
Does your family even care?  
I want it  
Ohh, did they tell you I'd be there?  
I want it  
I've gotta get this for my team  
I want it  
Just tell yourself this was my dream

Victoryyyyyy, I can smell it in the air  
In my mind it's surrounds me everywhere,  
But what a wondrous occasion, this could be  
In fact I know it will, cause this is my victoryyyyyyyyy

I want it  
This is something you can't buy  
I want it  
Ohh don't you get it nothing else will satisfy?  
I want it  
Even worse than someone that would lie  
I want it  
But only a champion would qualify  
I want it  
Oh to be in the books of history  
I want it  
Oh look page one hundred, this is me  
I want it  
They'll say I changed things officially  
I want it  
And so these were the words to my speech

Victoryyyyyy, I can smell it in the air, in the air  
In my mind it's surrounds me everywhere, everywhere  
But what a wondrous occasion, this could be, this will be  
In fact I know it will, I know it will  
'Cause this is my victoryyyyyyyyyy

Oh, the limit's the skyyyyyyyyyyyy!  
The limit is the skyyyyyyyyyyyy! [Repeat x3]  
It's the sky  
The limit is the sky  
Ahhhhhhh! Don't you be afraid!  
Skyyyyyyyyyyyy!  
The limit is the skyyyyyyyyyyyy! [Repeat x3]  
Go for it, go forth and try  
The limit is, the sky  
Good luck
