

Give Me The Food

Miss Platnum

You know people always say
Women should be thin
They should be on diet
But I dont care, I just enjoy eating I like my coffee with a lot of cream
I like to eat late at night
I like scrambled eggs after a sweet dream
I like potatoes deep fried I like some sugar in my lemonade
I like hot chicken wings and steak
I like thick cheesecake but homemade
I like a long lasting lunch break Give me the food, I say, give me the food
Give me no fruit if you love me
Give me the food, I say, give me the food
Give me no fruit if you love me Some girls may think, 'This chick's a little big'
Slim girls dont understand, I dont care
Some guys may say, 'Its her curves that I didnt urged'
They like the tight pants that I wear I am Romanian, I love to eat
It's in my genes, I cant control
Look at my carnation 'cause this bottles cant compete
I am woman, no skinny doll Give me the food, I say, give me the food
Give me no fruit if you love me
Give me the food, I say, give me the food
Give me no fruit if you love me Give me the food, I say, give me the food
Give me no fruit if you love me
Give me the food, I say, give me the food
Give me no fruit if you love me You know people say women
Should only eat yogurt and strawberries
They say a lot of things but you know I dont care what people say 'bout my weight
So if you want to take me out for a date
Make sure there is big love, dont food on my weight
And maybe I let you get a taste of my cake Give me the food, I say, give me the food
Give me no fruit if you love me
Give me the food, I say, give me the food
Give me no fruit if you love me Give me the food, I say, give me the food
Give me no fruit if you love me
Give me the food, I say, give me the food
Give me no fruit if you love me
