Lost Souls In Endless Time

Dragonforce

Spent all our lives on what we believe in
Struggle day by day but never retrieving
Taking our chances and follow the footsteps
Ancestors will take us to this fight
At the time it was blistering snowing
Never really know about where we were going
Time is come now to cross over
Here and now until the curtain lowers
Slaying all the evil down below
Onwards we ride now to what we know
Strong enough to stay and carry on forever
Brace your soul to fight whenever
Never know how far we've traveled
We will have our stand
Across the deepest oceans
Gold is in our hands
Good things will come
For those who wait, we can't deny
Still the battle raging
And the fire burns inside
Take you with me, we will fly across the sea
To the land of the sun where our journey's begun
All fear is gone, we sail 'til the dawn
Deepest fears will burn inside your mind
For the souls lost in endless time
Searching never ending for the chaos ascending
You forgot the spirits all the time pretending
Passing shades of darkness in the world around you
Finally insanity in death has found you
On the edge of life trying to pull you under
Deep inside the storm there's a raging thunder
Sacrifice your innocence for persecution
As we now prepare for the revolution

Slaying all the evil down below
Onwards we ride now to what we know
Strong enough to stay and carry on forever
Brace your soul to fight whenever
In a time of fire we're searching

Blind inside the mind
Run away to hell's damnation
One day we will find
Suddenly the skies are falling
Too late for us all
Crashing down on all creation
As the towers fall
Take you with me, we will fly across the sea
To the land of the sun where our journey's begun
All fear is gone, we sail 'til the dawn
Deepest fears will burn inside your mind
For the souls lost in endless time
Stand before the walls of freedom, rise above the wall
Right towards the path to reaching victory behold
[Incomprehensible]Far beyond the gates of glory, time to rise again
Take you with me, we will fly across the sea
To the land of the sun where our journey's begun
All fear is gone, we sail 'til the dawn
Deepest fears will burn inside your mind
Take you with me, we will fly across the sea
To the land of the sun where our journey's begun
All fear is gone, we sail 'til the dawn
Deepest fears will burn inside your mind
For the souls lost in endless time
For the souls lost in endless time
For the souls lost in endless time
