If Itâ€™s Wrong

Leela James

Wrong
Let it do what it do
I think I love youI've got this
Funny little feeling
Down in my
Inner most spiritI can't help it
You stay on my mind
Feels so good
But it can't be rightIf it's wrong, loving you
Then wrong will be right
Don't care if it's wrong
Let it do what it do
'Cause I think I love youI love youI try to stop it
'Cause we're so out of our [incomprehensible]
Set it tripping
Emotional orgyThis is nonsense
Can't keep doing this
I should let it go
But I can't 'cause I know it's wrongIf it's wrong, loving you
Then wrong will be right
Don't care if it's wrong
Let it do what it do
'Cause I think I love youI love you, love you
I love you, I love you
I love you, I need youI love you, I love you
I love you, I love you
I love you, I doIf it's wrong, loving you
Then wrong will be right
Don't care if it's wrong
Let it do what it do
'Cause I think I love youIf it's wrong, loving you
Then wrong will be right
Don't care if it's wrong
Let it do what it do
'Cause I think I love youI love you, I love you
I love you, I love you
