

# Up Against (blackout)

## Taking Back Sunday

So this is what we're up against?  
So this is what we're up against?  
Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away  
Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away  
Regrets always work  
Excuses are better  
A practical exchange  
Or a trade for the truth  
But you know it never held up (but you know it never held up)  
Pretend that it's still good now  
Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away  
Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away  
We're turning our clocks back  
We're just never ourselves  
So go with the flow  
Just relax (just relax)  
You never feel the jet lag  
  
Unless you're trying to fit in  
Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away  
Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away

(every minute is a minute away)  
Less is more except when it comes to mistakes  
How long is long, that depends how long it takes  
Less is more except when it comes to mistakes  
How long is long, that depends how long it takes  
Not years, not months  
Not days, you blackout memories  
Not years, not months  
Not days, you blackout memories  
Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away  
Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away  
(every minute is a minute away)  
Every minute is a minute  
And a minute and a minute away
