Let's Love

Johnny Mathis

Let's love while the night is young
Let's love, life has just begun
To become a dream, a dream of reality
Let's love, press your lips to mineLet's kiss for that thrill divine
As we realize there's no one but you and me
I find your arms so inviting to me
So what am I to do?The thrill of your touch is exciting to me
While our hearts are reeling, while we have this feeling
Let's love till the end of time
Let's love, leave the world behindNow that we have found the wonderful glory of
Two magic words, " Let's love"
Ah, let's love
Let's love, life has just begunTo become a dream, a dream of reality
Ah, let's love
Let's kiss, for that thrill divine
As we realize there's no one but you and meI find your arms so inviting to me
So what am I to do?
The thrill of your touch is exciting to me
While our hearts are reeling, while we have this feelingLet's love till the end of time
Let's love, leave the world behind
Now that we have found the wonderful glory of
Two magic words " Let's love"Let's love
Let's love
