## Helloween

(m&l - deris)There 's a light in the sky  
Shining ali a iife for one heart  
There 's a light in the sky  
That will lead you when we 're apartAll my loue's shining  
To lead you when you're gone  
All my love's shining  
To say you're not aloneThere 's a light in the sky  
For everyone who believes  
There 's a light in the sky  
Giving mind everlasting peaceAii my love's shining  
To lead you when you're gone  
Aii my love'are shining  
To say you're not aloneThere's a light in the sky  
There's a light in the sky
