Synesthesia, Pt. III

Jack Garratt

I hope you know that if I have to go, that I'll leave you want me too
I hope the sounds you see could help you paint a picture of me and you
I hope you know that if I have to go, that I'll leave you want me too
I hope the sounds you see could help you paint a picture of me and you
I hope you know that if I have to go, that I'll leave you want me too
I hope the sounds you see could help you paint a picture of me and you
I hope you know that if I have to go, that I'll leave you want me too
I hope the sounds you see could help you paint a picture of me and you
