

# Synesthesia, Pt. III

**Jack Garratt**

I hope you know that if I have to go, that I'll leave you want me too  
I hope the sounds you see could help you paint a picture of me and you  
I hope you know that if I have to go, that I'll leave you want me too  
I hope the sounds you see could help you paint a picture of me and you  
I hope you know that if I have to go, that I'll leave you want me too  
I hope the sounds you see could help you paint a picture of me and you  
I hope you know that if I have to go, that I'll leave you want me too  
I hope the sounds you see could help you paint a picture of me and you
