Sodomize the Bleeding

Disgorge

Hollow out the cavity prep the
Dead for human consumption
Wounds flow constantly
Discharge blister I exhume
Disentomb wretched bodies
Worm infested empty carcass
Worm infestedSeveral carcasses remain in my
Awake skinless you can see
Sodomize the bleedingKnowing their plea
Stitched eyes shut with each incision
Blood will not clotNewly bred life
Screaming through repugnant acts acts
Implore my brutal killings
I must show them reality
Skinless constrained corpsePenetrate then viewing I will
Feast upon their souls
Sodomize their bleeding orifice
Craving for the innocent
IncrustationsPiercing epidermis
Hanging innocent
Suffering
Screaming through repugnant acts
Implore my brutal killings...killings
I must show them reality
SkinlessJugular veins slit
Forming a stench
With each incision
DeadenDischarge blister I exhume
Disentomb wretched bodies
Worm infested empty carcassWorm infested I exhume
Sodomize the bleeding
