

Intro

Bif Naked

Spoken word.
Have ya heard?
What's it all mean?
What does it really mean?
What is it?
What exactly is it, is it poetry?
Is it prose?

What is it, rants and raves?
Some people want you to be...political.
And they want you to be pissed off.
They don't want you to try and be honest.
God forbid you try to be funny.

So, there's nothing more I can say, except that, right now, wherever you are, listening to this, I can guarantee
you, I'm probably, somewhere. else.

[laughs]
