Brakins gotta be taken
It's gotta keep movin' along to fight the demons that are in my head
Rage has gotta be taken
It's gotta keep movin along to fight the demons that are in my headWait on something, want something, need something
I can see, yes I can see that you're not my friend at all
And you say you want me
I feel you, I see you, fall into your own direction yeah
You say that you want meRage has gotta be taken
It's gotta keep moving along to fight the demons that are in your head
Love has gotta be taken a little more seriously
To fight the demons that are in your headWait on something, want something, need something
I can see, yes I can see that you're not my friend at all
And you say that you want me
I feel you, I feel you fall into your own direction
And you say that you want meYou kick me down but you won't keep me down
I feel you, you kick me down but you won't keep me downRage has gotta be taken
It's gotta keep movin along to fight the demons that are in your head
Love has gotta be taken a little more seriously
To fight the demons that are in your head
