

Biftek Supernova

Millencolin

I had a dream last night, a dream about a bear
Dancing in a trench-coat, hat and vest
It didn't take me long to get me well aware
Who was hiding underneath that dress For 26 long years I've known that guy
And I would say his limit is the sky
And I know he would say that it's no big deal
Humbleness is not needed, you're for real Tonight, yeah you turned into Supernova
The pepper will soon be in clover
You got your signs right down at Rover
Yeah, you turned into Supernova He'll show you how to pull a trigger on a gun
I heard that he is such a rage
He'll show you more 'cause his career has just begun
So watch out for when he will hit the stage For 26 long years I've known that man
And I'm proud to say that we're from the same clan
A third one just like me and that's alright
A star like Supernova is way more bright Tonight, yeah you turned into Supernova
The pepper will soon be in clover
You got your signs right down at Rover
Yeah, you turned into Supernova I wouldn't say it's over
You got your signs at Rover
And soon you'll be in clover
That's right Tonight, yeah you turned into Supernova
The pepper will soon be in clover
You got your signs right down at Rover That dude is out there tonight
They call him Supernova, Supernova
That dude is out there tonight
