

In & Out Of Love

Armin Van Buuren feat. Sharon Den Adel

Yeah, I'm so tired of seeing you like this
All stressed out, don't know what to do
I know, I'm everything that you want and you need
So why you staying with him
When you need to be with me
Ya know, well hey listen up
What did he do? What did he say?
To make you feel this way, no way, no how
He didn't love you in the first place
(He didn't love you, no, no, no)
He must have been foolish
To let a love like yours slip away
So wonderful and so beautiful
He would never know, oh no, oh no
What would it take to make you leave?
'Cause he's not really what you need
So go on and tell him that you wanna be with me
You're going in and out of love
Know you had about enough
So now I don't know what to do
'Cause I'm so in love with you
Girl, don't you know
Come on and let me take your hand
Let me take you far away from him
You say your tired of him so try my love
You say you want a real man, well, I'm the one
He broke your heart, say bye
Girl, you need to be with me
'Cause I'm all you'll ever need
What would it take to make you leave?
'Cause he's not really what you need
So go on and tell him that you wanna be with me
You're going in and out of love
Know you had about enough
So now I don't know what to do
'Cause I'm so in love with you
Girl, don't you know
Don't you know you need a man?
Someone who cares and understands

Girl you don't need that other man
'Cause I'm everything you'll ever need
Girl, don't you know he puts you down
So tell him that you want me now
He broke your heart, say goodbye
What would it take to make you leave?
'Cause he's not really what you need
So go on and tell him that you wanna be with me
You're going in and out of love
Know you had about enough
So now I don't know what to do
'Cause I'm so in love with you
Girl, don't you know
