What It Is That You Do

Radney Foster

You don't know if you want me
I know that I want you
You don't know if you love me
I know that I love you
You don't know what it is
What it is that you doYou're scared of your feelings
I'm not scared of nothing
You don't know what you're needing
But I believe something
You don't know what it is
What it is that you doWhat it is that you do
When you're talking
Walking after midnight
Dancing with my heart
Barefoot in the moonlightEvery ounce of innocence
Poured out for the world
To believe that dreams come true
You haven't a clue, what it is, what it is
What it is that you doYou know all about science
Chemistry's calling
Philosophers deny it
But hearts are still falling
Even Einstein knew
One and one is still twoWhat it is that you do
When you're talking
Walking after midnight
Dancing with my heart
Barefoot in the moonlightEvery ounce of innocence
Poured out for the world
To believe that dreams come true
You haven't a clue, what it is, what it is
What it is that you doWhat you think's wrong
Might be right
What you think's strong
Might lose the fightBaby, I know
That love prevails
Baby, turn around
Now, turn aroundYou don't know if you want me
I know that I want you

You don't know if you love me
I know that I love youYou don't know what it is
You don't know
You don't know
What it is that you doWhat it is that you do
What it isWhat it is that you do
What it isWhat it is that you do
What it is
...
