

Flesh and Blood

Deliverance

Slaves to the power of sin
Once in captivity to darkness; spiritually dead
A voice cried from the top of a hill
"It is finished!"
It awakened those who were once dead
But now we live
For us
Now we live a new life in freedom
Not being enslaved by the power of any
Jesus' blood has made us free
But the battle still remains
We contend not with flesh and blood
But with spiritual darkness
For this we wage war
But not against man
This war is with darkness
And not against flesh and blood
The Holy Book makes it clear as to how ought to fight
Put on the armor of God
Not by your might
Pray always with all supplication
In the spirit
To the pulling down of strongholds and crushing of Satan's plan
For this we wage war
But not against man
This war is with darkness
And not against flesh and blood
This war is not for wimps
The emaciated
Or the weak
It's for those who bear their cross and believe the power of Jesus' name
Christianity
A reality
It's a fight to let you know
About a man who gave his flesh and blood to save your Hellbound soul
