

Walk On Water

David Byrne

He can walk - on the water
But he can't stop fallin' in
He's livin' underwater
But he don't know how to swim
He's got amplifiers, microphones
Record players, God only knows
All the girls say, "Shut up and gimme the groove"
He keeps those hits a coming through
His blood is pourin' out for you
In the church, Mama's ashes
Can't fill those empty spaces
Spaced out in the middle of town
One house is big enough for two
We'll fill it up before we're through
Wake up - the house is shaking
Get up - the dead awaken
Let go - you know that you can
Get up - you sleepy babies
Hello - you naked ladies
Walk on - you know that you can
Get up - you men & women
Walk on - like fishes swimming
Let go - you know that you can
Walk on the water - everyone drowns
My mama told me - I'm lost & I'm found
Walk like an angel - take off your shoes
Special occasion - scary & true
You dancin' babies - doin' alright
Your mouth is movin' - kiss me sometime
Richard & Lisa - we're goin' down
Jason & Shawna - dance with someone
Walk on the water
Walk on the water
