When the Fever Broke

Stone Sour

I wish I could be your last goodbye
I wish I was your man
But I'm not, not even close to
Not even close to
I guess I'll keep disappointing you
I guess I'll miss the mark again
I guess I'm sorry
I have this tombstone quality
I wish that you could see me here
I wish that you could feel me hereI don't wanna be the only one to stay for me
Look what you've said and done for me
No one in the world has a voice that speaks to me
Hear what you'd said and done to meThis morning when the fever broke
I closed my eyes and laughed
Thinking I can't go home again
I can't go home againI know I'm not what I used to be
I know I rearranged my head
This is life, just keeps on chasing us around
Until it catches you, you're dead
They say I got right every god damn night
That's why I keep it to myself
That's why I'm sorry
I have this tombstone quality
I know you'll never see me here
I know you'll never feel me hereI don't wanna be the only one to stay for me
Look what you've said and done for me
No one in the world has a voice that speaks to me
Hear what you've said and done to meTomorrow when the fever breaks
I'll close my eyes and laugh
I can't go home again
I can't go home againI can't go, I can't go home
I can't go, I can't go home
I can't go, I can't go home
I can't go, I can't go home
I can't go, I can't go home
I can't go home
